

Rotting away

night is creepin'
the day has been entombed
death is reapin'
another soul consumed
flesh decayin'
the maggots are getting fat
forever feelin'
the gnawing of a rat

rotting away

children coughin'
infested plague of sin
satan laughin'
with his hatred deep within
crows are swarmin'
the stench is drifting near
without a warnin'
there's a media frenzied fear

rotting away

rotting & tricking & fucking & seating &
Dying & thieving & crying & stealing &
praying & plotting & scheming & bleeding &
fighting & pecking & feeding & breeding &
hurting & slurring & lying, infecting &
chasing & shitting & yelling & pissing &
rotting & rotting & rotting & rotting &
rotting & rotting & rotting & rotting

body's pilin'
the air is thick with flies
devil smilin'
proud of all his lies
bombs are droppin'
the blood is running through
noone's stoppin'
noone's ever staying true

rotting away
