

Wanders

from the first time i met you
i knew that you would swallow up my heart
so i talked to you
and then everything just stopped

and the times they were so good
but i sat and watched them squander
and now i sit alone
and i don't care if she wanders

why do you make me blue
you make me want to vomit in my mouth
i'm fed up with you
and now everything it just stops

and the times they were so good
but i sat and watched them squander
and now i sit alone
and i don't care where she wanders
